## **Committed to Sustainability, Myers Container/Container Management Services Launches new Identity and Website**

Portland, OR – Myers Container, LLC/ Container Management Services, LLC (Myers/CMS) proudly announces its new logo, website and rebranding initiative. Having its headquarters in the Pacific Northwest, where being green is considered second nature, Myers/CMS changed its logo and website to reflect this culture and commitment to sustainability, which can be found in all of its facilities.

The new logo and website reflect the Myers/CMS manufacturing, reconditioning and recycling divisions working together to create a ***Total Product Life Cycle***; the company's unique ability to take back everything it produces. In addition, by providing more valuable electronic resources and online forms, Myers/CMS will reduce the amount of printed documents and collateral.

The new website was designed to be simpler to use while continuing to serve as an informational resource to the company's customers and suppliers. Below are some of the new features and resources that can be found on the new Myers/CMS website:

- Easier navigation
- Improved division of products and services
- Collection Form: complete a pick-up request or submit an MSDS for approval
- Place Order Form: a quick and easy way to place an order
- Sustainability Page: view the annual sustainability report
- Simplified Resources including:
  - Product Specification Sheets
  - UN assembly instructions
  - Product Acceptance Policy

Myers/CMS welcomes you to visit the company's new website at [www.myerscontainer.com](http://www.myerscontainer.com)

### **About**

In 2007, the Stavig brothers acquired Myers Container and Container Management Services (CMS), the fourth generation in the family-owned business, dating back to 1917. In February 2011, General Steel Drum in North Carolina was added to the business, operating under its own name.
